DETAILED ACTION

1. Claims 1-84 are presented for examination.
2. The IDS submitted on 7/5/2005 has been considered.
3. Claims 1-84 are allowed.
4. The following is an examiner's statement of reasons for allowance: None of the prior art of the record teaches or fairly suggests all of the limitations of the claims especially the limitations of managing information where the information containing first data describing graphical element for display on the mobile device and that the graphical element includes at least one or more of an input text field, a button, a check list, a set of radio buttons, a pull down menu, a popup menu and the combinations thereof for prompting to obtain input from the user of the mobile device. The first data further include first reference to the graphical element and values for a plurality of attributes of the graphical element associated with a second reference. Further, in response to user input from the interactive graphical element, the server receive a third data indicating the first reference to the graphical element and using the first reference to locate the first data that describe the graphical element. Schwartz reference taught to manage information and access graphical element of applications, however, Schwartz does not describe specifically or suggestively any references to the graphical elements nor using the received data to indicate a reference to the graphical element. Furthermore, Schwartz does not teach that the graphical

Art Unit: 2154

elements are interactive graphical elements such as input text field, button, check list, radio button... etc. to prompt the user to enter inputs from the user mobile device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. The drawings submitted on 5/31/01 has been accepted by the examiner.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kenny Lin whose telephone number is (571) 272-3968. The examiner can normally be reached on 8 AM to 5 PM Tue.-Fri. and every other Monday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Follansbee can be reached on (571) 272-3964. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
